

## Appendix A: Approved Organizations

**Date:** Wednesday, October 29, 2014

**Resolution:** Requiring training on alcohol education, consent education and bystander intervention

Whereas, the Greek community has stipulated a desire to lead the entire campus in an effort to eradicate sexual violence.

Whereas, the IFC continues to be a primary host and sponsor of social activity and must ensure the safety of all guests.

Be it therefore resolved, every IFC fraternity is required to host an in-house or in-person training on the topics of sexual assault and alcohol education. Both topics should cover bystander intervention and consent education.

- At least 75% of all brothers must be in attendance.
- Written or email verification is necessary from a chapter executive board member and from the sponsoring organization.
- Chapters can submit an appeal to have an organization approved that is not currently on the list (see appendix A).

Be it further resolved, the IFC will assess any scheduling difficulties chapters have with organizations and may decide to push back the deadline on a council or chapter basis.

Be it finally resolved, any chapter that does not complete these requirements will be deemed ineligible to register social events in the fourth quarter (year 2015). Evaluation will take place at the end of the new member education period.

**Vote:** 28-0-1

Signed,

Cameron Pritchett, IFC President on behalf of  
Interfraternity Council Executive Board

## Appendix A: Approved Organizations

- ConsentED
- Wingman101
- CUEMS
- Ithaca Police Department
- Cornell University Police Department
- Cayuga Heights Police Department
- Women's Resource Center
- Every1 Campaign
